Music Makers – Forte/Crescendo Class

Here's why Music makers is an octave above other music programs: With music theory forming the backbeat to every activity, children anchor concepts through engaging rhythm, games and tactile materials. Live piano and guitar are performed in every 45-minute class. No other program offers your child more hands-on experience with a greater variety of instruments: from the familiar – drums, maracas, triangles – to the unusual – Orff xylophones and glockenspiels, zithers, and cellos. Play side by side with talented guest musicians! Children and adults attend together to enhance musical experience and learning for everyone.
